The District has issued bonds and is required to levy a debt service tax rate to support the payment on such bonds. Further, the District has infrastructure that requires regular operations, maintenance, and repairs that necessitates the levy of an operations and maintenance tax in an amount to maintain the infrastructure in good and working condition.

If the district is a district described in by Section 49.23603

NOTICE OF TAXPAYERS' RIGHT TO ELECTION TO REDUCE TAX RATE

If the district adopts a combined debt service, operation and maintenance, and contract tax rate that would result in the taxes on the average residence homestead increasing by more than eight percent, the qualified voters of the district by petition may require that an election be held to determine whether to reduce the operation and maintenance tax rate to the voter-approval tax rate under Section 49.23603, Water Code.

The 86th Texas Legislature modified the manner in which the voter-approval tax rate is calculated to limit the rate of growth of property taxes in the state.
